

## SUMMIT JOINT PERFORMANCE OFFERS THE PUREST FORM OF CHONDROITIN 4-SULFATE EVER DEVELOPED.

It is naturally derived and has a low molecular weight, allowing it to penetrate barriers of the body with ease. Summit was originally developed for use in human corneal transplant surgeries. Doctors and scientists were looking for a product that would reduce inflammation in the eye after surgery. Later, after additional research, it was discovered to have incredible effects on the joints of horses and dogs.

- Summit contains only pure Chondroitin 4-Sulfate and sterile water
- No contraindications for pregnancy or other conditions
- One-year shelf life
- Requires no refrigeration – not affected by heat or cold
- All shipments include needles and syringes
- Safe even for daily administration
- Increases comfort, mobility and performance
- FEI and USEF compliant
- 5% discount on subscriptions

- 5ml IM dose
- 200mg Chondroitin 4-Sulfate
- ~~\$50~~-\$33 per single-use vial

# COP-PURE-CURE

- 1 Pint (16 oz.) Spray Bottle
- \$25.00

## THE SOLUTION

**Summit Cop-Pure-Cure is an all-natural product designed to promote fungus and bacteria-free hooves**

- Summit Cop-Pure-Cure's active ingredient is Omni Organic Copper Sulfate Pentahydrate
- Promotes healthy, strong hooves that are free of bacteria and fungus
- Rids hooves of diseases such as White Line Disease and Thrush
- Proudly made in the USA
- Meets FEI standards
- Requires no refrigeration – not affected by heat or cold

**Contact your Summit Representative for more information or to place an order**

**or visit [summitjp.com](http://summitjp.com)**

## HOW TO APPLY:

- Make sure hooves are well cleaned before application of Summit Cop-Pure-Cure
- Spray complete frog and bottom of hoof, and around the bottom portion of the hoof wall
- Use twice daily (morning and night) for infected hooves until fungus and bacteria have been killed
- Continue 3 times a week, or as needed, to promote healthy hooves

## WARNING

Keep away from small children. If solution comes into contact with eyes, flush thoroughly with warm water. Not for oral consumption. Toxic if ingested because of extremely high salt content in the Copper Sulfate Pentahydrate. For topical use on hooves only.

The entire team at Summit Joint Performance is dedicated to providing your animal the best products available. Thank you for being a Summit customer!

# EQUINE IA

For veterinary use only

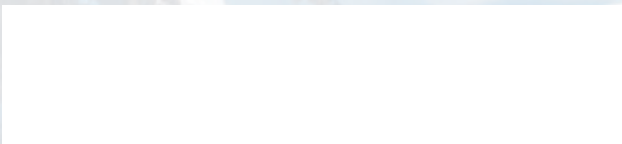

- 2 ml dose
- 50 mg/ml
- Single use vial

Summit Joint Performance is the purest form of Chondroitin 4 Sulfate ever developed. It is naturally derived and has a low molecular weight, allowing it to penetrate barriers of the body with ease. Summit was originally developed for use in human corneal transplant surgeries. Doctors and scientists were looking for a product that would reduce inflammation in the eye after surgery. Later, after additional research, it was discovered to have incredible effects on the joints of horses and dogs.

- Summit contains only pure Chondroitin 4 Sulfate and sterile water (adjusted for pH)
- No contraindications for pregnancy or other conditions
